

Key Features

Name NESCAFÉ® Milano MTS60 E
Version Combi R&G
Manufacturer Rheavendors Industries SPA

Overview:

- Responding to consumer demands, the new NESCAFÉ® Milano MTS60 E offers a variety of professional, high quality drinks combining the best of freshly grinded beans and of soluble coffee to satisfy everyone's taste. The machine is built with the latest innovations in terms of grinding, brewing and heating to achieve the best in cup quality and reduce the operational complexity:
 1. Varigrind grinders adapt to the wear off the blades, ensuring consistent grinding over time with significantly lower service frequencies
 2. Variflex brewers in 2 different sizes for the best brewing process for your customer needs
 3. Varitherm induction heating significantly reduces energy consumption and descaling needs, allowing different in cup temperatures
- The touchscreen and new look of the NESCAFÉ® Milano MTS60 E makes it elegant and engaging, and the new innovations make it very simple and efficient to operate.
